Comments, additions, or corrections to this memo should be communicated in writing to RDG Planning & Design within seven (7) days of issuance. If no comments are received within that period, this memo will be assumed accurate and filed as a part of the permanent record for this project.

Discussion:

The intent of this public input meeting was for the Community and specific Focus Groups to provide valuable input to the City and Design Team about what they feel the future Waukee Recreation Complex should be.

1. General Overview:
 - a. Soccer is growing.
 - b. Regional facility is desirable.
 - c. High quality facility is desirable.
2. See attached program information identifying current participation statistics, facilities, future participation forecasts, etc. provided by Carlos Acebey with Vision Soccer Academy.

Soccer

60 acres

We currently use:

1. 2 full-size fields (U13 and Up)
2. 3 (U12 fields)
3. 3 (U10 fields)
4. 5 (U8 fields)
5. 6 (U6 fields)

I think we could safely say in the next 3 to 5 years you could add any were to 2 to 4 fields in each group.

Because of schedule we would probably need at least this many over the next 5 years, and this would just be game fields.

Project for 5 years down the road:

1. 4 full-sized fields (U13 and Up)
2. 5 (U12)
3. 5 (U10)
4. 8-10 (U8)
5. 8-10 (U6)

To put this project into terms of space similar to Cownie ... Cownie has 12 full size fields - You can play U12's and/or U10 across a big field so that would take up 5 full size fields. There can be 4 U8's per full size field, so that would be another 2 full size fields. You can put about 8 U6's per 1 full size field, so that would be another full size field.

My projection would be that we would take up 12 full size fields within the next 5 years. This does not include future growth nor practice area. For Cownie to accommodate 12 full size fields they have 60 acres. Between future growth and practice area I could see using another 10 to 20 acres.

Other things I would like to see at the new complex:

1. Benches on every field
2. Scoreboards - at least on the main fields
3. Warm-up space with goals (this way the players stay off the main fields - these spaces could even be used for practice areas)
4. Field Signs (clearly marked - similar to Cownie)
5. Competition field (130 x 95 yards) with lights, irrigation, bleachers, & clubhouse
6. Full size training field (120 x 80 yards) with artificial (field) turf with lights
7. Full-sized (130 x 85 yards) indoor soccer facility
8. Clubhouse with locker rooms and office space
9. Sand area can be used for sand volleyball or beach soccer
10. 15 - 20 full sized irrigated fields for practice and match play (1 field with lights)
11. Concessions with storage
